"They were one of the first homosexual couples to be approved as foster parents'

Gay couple left free to abuse boys - because social workers feared being branded homophobic

By PAUL SIMS

Last updated at 21:53 06 September 2007

A homosexual foster couple were left free to sexually abuse vulnerable boys in their care because social workers feared being accused of discrimination if they investigated complaints, an inquiry concluded yesterday.

Craig Faunch and Ian Wathey were one of the first homosexual couples in the country to be officially approved as foster parents.

They looked after 18 children in only 15 months.

Scroll down for more...

Ian Wathey (left) and Craig Faunch were jailed last year for sexually abusing young boys

With no previous convictions, they came across as respectable men who simply wanted to help boys with a variety of problems.

In reality, they were paedophiles who repeatedly abused the children in their care.

Even when the mother of two of the children reported her suspicions to the council, officials accepted the men's explanations and did nothing.

Instead of banning children from staying with Faunch and Wathey, they sent youngsters with more serious problems to them. Between them, the couple abused four boys aged between eight and 14.

Haiti is actually a really good model for what BlackLivesMatter is trying to accomplish

Actor Audie so true because their was NEVER anything wrong with predominantly white civilizations

Ricky Vaughn You're changing the subject, Big Guy (For You)

Actor Audie I never changed the subject. I added to your flawed logic. Not my fault Haiti killed whites to be free

Ricky Vaughn Child, please. I KNOW YOU ARE BUT WHAT AM I is not an argument. And now you're admitting my point.

Actor Audie I bring validity to my counterpoint. You bring stupidity and a flawed argument. And you think your superior

Ricky Vaughn You didn't address my point. At all. Here, try to stick to this

Actor Audie utilizing pictures to substantiate your weak point is putting perfume on feces

Ricky Vaughn The picture has a lot of words on it. Read them. Then try to refute my point

The Editor Haiti is proof blacks can't run their affairs in any way akin 2 civilisation. 200 years of "freedom" is a mess

The Editor Here's an excellent analysis by Dr Pierce of the history of Haiti. Well worth listening to

Aemilianus the kafirs have the opposite of a Midas touch. IIRC some of my French ancestors lived there before the revolt

The Editor But Haiti under French colonial rule was the gem of the region. It was wonderful, like Africa. Like USA, etc

Aemilianus Yes it was one of the richest colonies ever. Just like Rhodesia was an agricultural exporter

The Editor All across Africa were awesome places. Angola 4 example is 1/4 size of USA. Rich so many ways, a paradise

Aemilianus Huge mineral wealth all over southern Africa most of world could only dream of

The Editor Even central & western Africa have unbelievable potential. East Africa has stacks of oil

Requesting a non rapist cab driver is racist

- Taxi rapes are rarely reported, apparently because the politically incorrect crimes are not deemed to be newsworthy. BBC radio host Sam Mason, a single mother, was fired after she called a taxi company and requested a "non Asian" driver to take her 14-year-old daughter to her grandparents' home, preferably a female driver. The operator refused, and said, "We would class that as being racist." Mason responded, "It's not your 14 year-old girl." A BBC spokesman said, "[Mason's] comments were completely unacceptable ... she will no longer be working for the BBC."

74 45

Oh For Fuck Sake remember when everyone flipped shit over an all female cab company though?

Fortunately there are conservative commentators who are doing just that, including Bill Bennett, David Brooks, Mona Charen, Charles C.W. If you're new to #OperationBlackHawkDown: Somalis are harassing a woman for posting this. We are defending her.

I hate to say it. But yeah, I'm racist against Somalians. Only because I've never seen anything good. One of them murdered my friend and is getting away with it. I've only seen violence and violence come out of them.... It's sad, and I really wish I couldn't say it's true, but yeah. I'm racist. I want them all sent back to Somalia. We made them a safe home here .. We opened our doors with love and they don't appreciate it. They have killed Americans, made us conform to their religion (as a kid I had translators in my class for them, it really impacted my learning because we would have to stop class so the translator could explain a word), and they're just plain rude. Maybe, just maybe, if I found one Somalian I liked, I could say I'm wrong.... But so far I've come up dry. Had one threaten to rape me, one killed my friend, and many that made me wish they didn't live here.....

nor do they study memetic warfare

The ultimate long term cure for terrorism and in surgent movements is to attack them at the atomic level through a process of memetic warfare By identifying, cataloguing, and tracing the pathogenic memes that lead to these behaviors it will be possible to predict when and where they will occur When the IC perceives that a certain dangerous meme set is reaching critical levels within a community it can trigger operations to quarantine the area and send in an expert team of educators to execute an inoculative and preventative education program on the tactics of mind control and destructive cults

The principle of memetic warfare is to displace or overwrite dangerous pathogenic memes with more benign memes Once a critical level of saturation of the new meme set is achieved in the target population, undesirable human artifacts and behaviors

BREAKING: Florida Governor Rick Scott Endorses Donald Trump

Rick Scott

Like Page

GOVERNOR RICK SCOTT CALLS ON REPUBLICANS TO COME TOGETHER

I'm asking all Republicans today to come together and begin preparing to win the general election in November.

With his victories yesterday, I believe it's now time for Republicans to accept and respect the will of the voters and coalesce behind Donald Trump.

This has been a hard fought primary, with an outstanding roster of excellent candidates, including two of Florida's favorite sons, and several Republican Governors who are close friends of mine.

But the voters are speaking clearly – they want a businessman outsider who will dramatically shake up the status quo in Washington.

When I first ran for Governor the political class and party leaders opposed me with great vigor, and some even said if I won the primary they would never vote for me. But the voters had other ideas, and they are the only ones who count.

Here's what really matters – we have to elect a Republican in the fall in order to grow jobs, rebuild our military, and put a person who respects the Constitution on the Supreme Court.

This is the stuff that truly matters.

If we spend another four months tearing each other apart, we will damage our ability to win in November. It's time for an end to the Republican on Republican violence. It's time for us to begin coming together, we've had a vigorous primary, now let's get serious about winning in November.

La raza is dangerous and threatens our people's interests

The report cited Mango Vega, who insisted America would be hurting without more immigration.

This country would be nothing without immigrants. You wouldn't have no sushi. You wouldn't have no Thai food. You wouldn't have no trends. You wouldn't have no colorful dances. You wouldn't have nobody to take care of your bratty a– children. You wouldn't have nothing. America would be nothing without immigrants and the diversity that is the fabric of this country.

Auntie Vodka

Hard to convert outsiders when you ALIENATE yr existing "flock" by treating them like trash, vilifying & marginalizing them

Ricky Vaughn

Exactly. Who would want to join such a dysfunctional group of people?

American Citizen

heard Trump went to DC last week to suck Reince's cock. So my guess is Trump

2 Baker Campaign Aides Join Effort To Draft Ford

Washington (UPI) — The national Draft Ford Committee said Sunday two officials of Sen. Howard Baker's Illinois campaign have joined the effort to persuade the former President to seek the 1980 Republican nomination.

Gerald Ford has said he is trying to make up his mind whether to become a late entry in the GOP presidential race, now led by Ronald Reagan.

He indicated last week that the public urging of key GOP leaders probably would be enough to push him into the political fray.

An ABC-Harris poll released Sunday night, meanwhile, said Mr. Ford would defeat Reagan for the GOP nomination and, unlike Reagan, beat President Carter in November.

REPUBLICAN AND independent voters sampled nationwide prefer Mr. Ford by a 33 percent to 27 percent margin over Reagan, the poll said.

And if the general election were held now, a sampling including Republicans, Democrats and independents gave Mr. Ford 54 percent to 44 percent for Mr. Carter, the poll said, while Mr. Carter would defeat Reagan 58 percent to 40 percent.

Draft-Ford chairman Thomas C. Reed said Sunday he had met at Chicago with Baker's Illinois chairman Robert Blair, and state finance chairman Wesley Dixon, and enlisted them to support the former President.

Baker withdrew from the race for the GOP nomination after disappointing finishes in Massachusetts and Vermont primaries last week.

"THE COUNTRY needs Gerry Ford. The Republican Party has an obligation to offer his name to the American people this fall," Blair, former speaker of the Illinois Legislature, said in a statement issued by the Draft Ford committee.

He said the Baker campaign qualified 51 delegates for the primary ballot March 18, and "at least two-thirds are now Ford supporters."

Cruz is lashing out at Trump supporters because he sees them as "the cool kids," who rejected him.

> "I think this is a lifetime struggle of his; he couldn't relate to us as a group of teenagers. He really struggled in trying to be part of a group dynamic, and the jokes," Laura Calaway, who knew Cruz from a debate club called the Constitutional Corroborators, told the *Guardian*.

Trump supporters, and they were all Trump supporters. I thought I would find buck toothed hillbillies. I was wrong.

This sentence summarises the last few decades of politics in the US. The left, because of its cultural and political hegemony, has not had a serious opposition since the 60s. The alt-right represents the emergence of a serious opposition to the left. "Buck toothed hillbillies" will not be the face of "racism" and "sex sm" in the 21st century. The face of racism and sex sm". The time of dismissing such ideas as those of "buck toothed hillbillies" is over. The future of "hate" in the US will be well-educated shit lords calmly and methodically quoting IQ studies, crime statistics, admixture studies and whatnot.

Basically you're fucked. When you can download a PDF from the DOJ that plainly states black people committed 56% of fatal gun crimes from 1980 to 2008 ... and then some NEET turns it into a meme ...

Hey do u think the word Jew is offensive? I was attacked last night for using it to describe one. I see nothing wrong w it

Ricky Vaughn

It shouldn't be offensive but now people think that just describing things is anti-semitic

Keleigh

Goes along with all this PC BS! "Jew" is a noun, a person whose religion is Judaism. Not offensive at all in my opinion

HATE HOAXER [illegible] EXPOSED

From all the tweets from the actual girl, I've seen that she said it was her three friends, racial slurs were thrown, and that 10-12 white males and females attacked them. And she said one of them was on the ground, and they continued to kick them, and how they all went to the hospital. And I really did not see any of that. It's really strange, honestly.

08:54:14
One of the white girls fighting, when she came off the bus she had scratches on her face. One of the black girls had their extensions pulled out. That's what I saw.

08:54:43
I did not see a single guy put a hand on a girl.

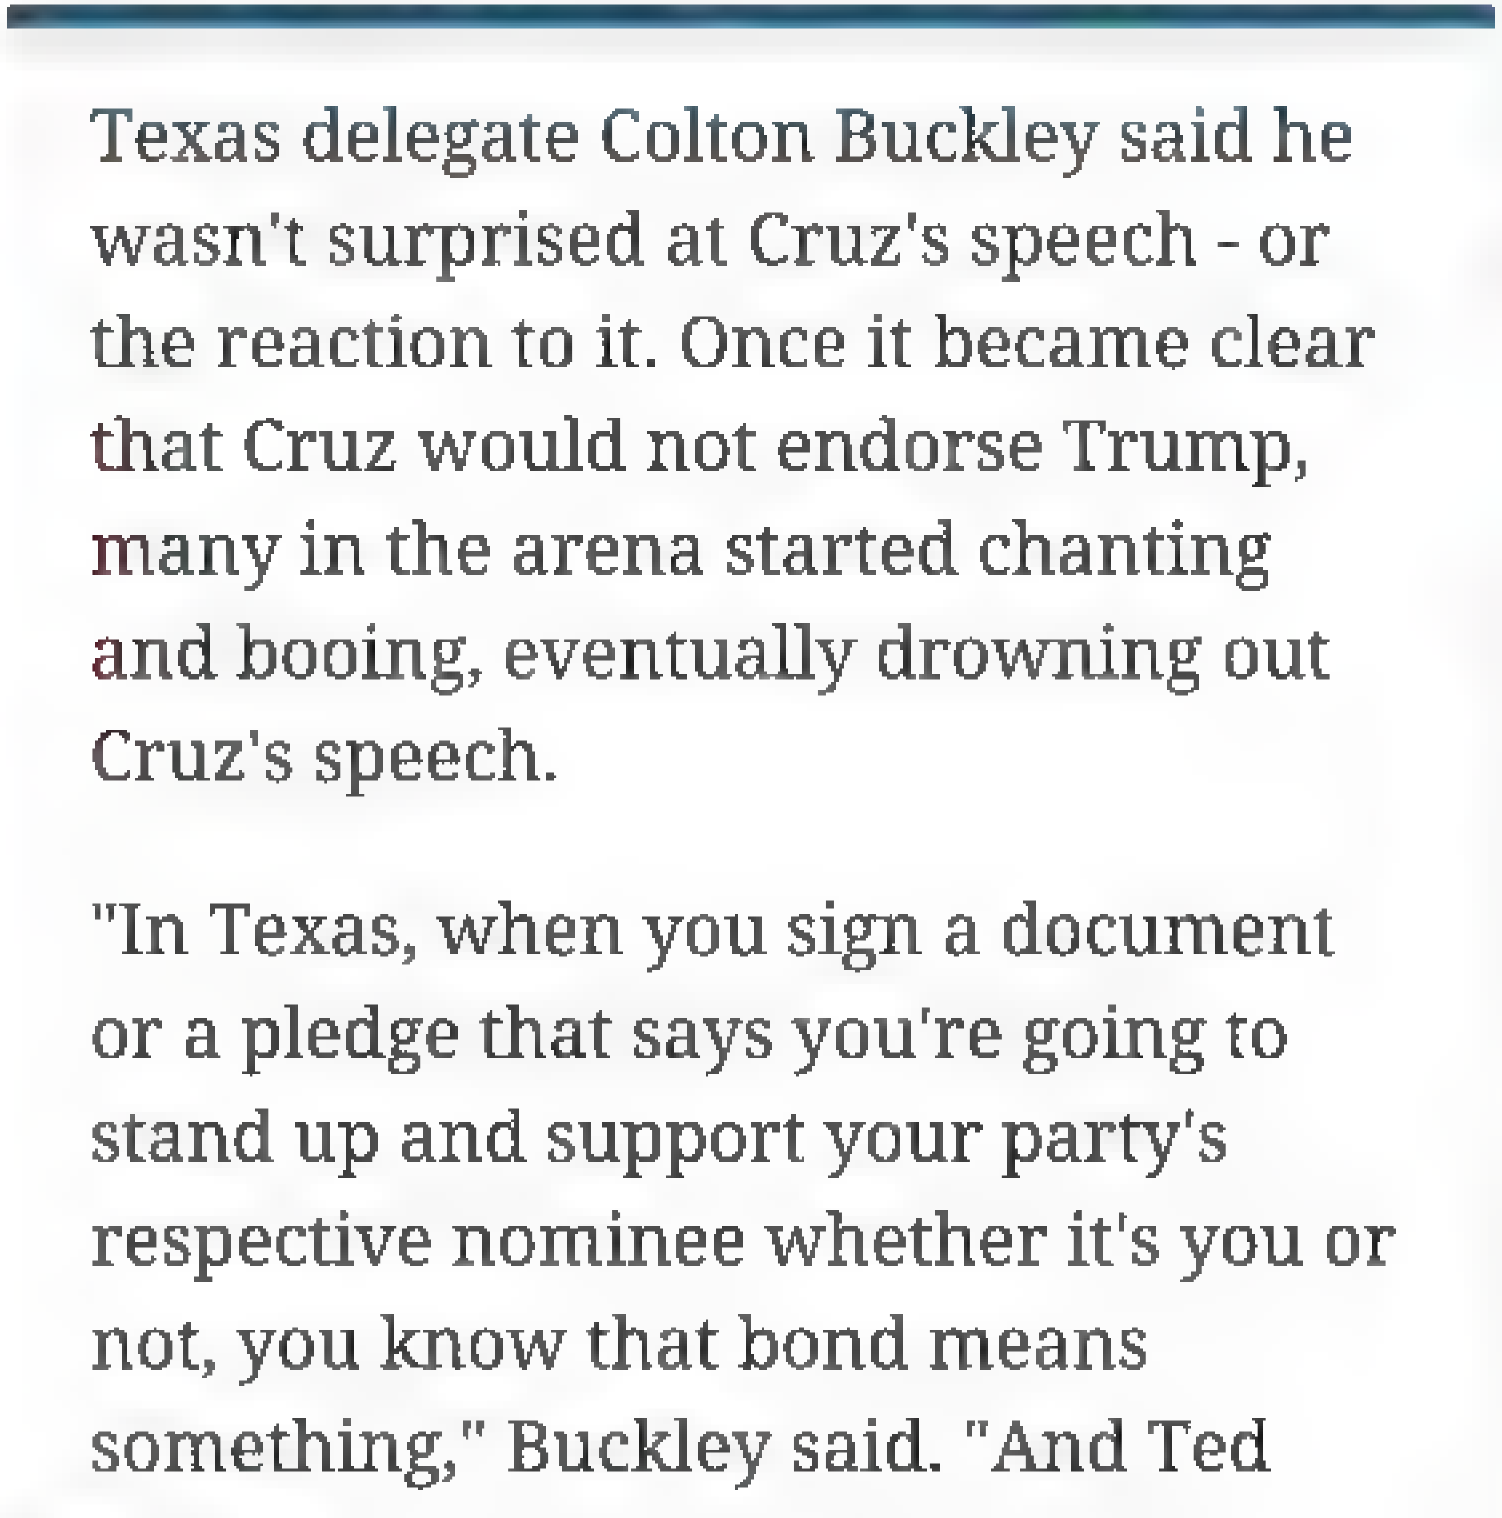
Texans don't take kindly to people who don't keep their word



Texas delegate Colton Buckley said he wasn't surprised at Cruz's speech - or the reaction to it. Once it became clear that Cruz would not endorse Trump, many in the arena started chanting and booing, eventually drowning out Cruz's speech.

"In Texas, when you sign a document or a pledge that says you're going to stand up and support your party's respective nominee whether it's you or not, you know that bond means something," Buckley said. "And Ted

lol the media will seize on ANY comment. start fighting the media. GOP has to fight media like Nixon/Agnew.

> **Matt Mackowiak**
>
> 10/ Trump appeared to have turned a corner last week on Friday, quiet on weekend, good speech Mon. But blew it w/ 2A & ISIS comments

Wrong. Trump has hit 48 in the polls (45 in RCP, he can do it again and surpass

> **Matt Mackowiak**
>
> 9/ Where is the bottom? His floor appears to be 38%. His ceiling appears to be 42%. Hillary's range appears to be 44%-49%

Benjamin Garvin

Hillary is mid 40's w 95% of D's and barely any I's - not a good sign for her

Ricky Vaughn

great point. If Trump locks up 75% of undecided GOP and GOP-leaners he's president

Not a terrible idea, but a 16 state campaign is a lot more intriguing. GOP can't just keep pushing for narrow wins

Matt Mackowiak

4/ I'd be ok with Trump and Pence ignoring every state but OH, PA, FL and NC from here on out. Let paid media and RNC field win UT, GA & AZ

Wasteland Wanderer

plus CT, OR, and MI are totally still in play

Oliver West

Yes you can't just rely on a few states, because if one fails its over. Add VA, IA, CO and maybe NH, WI to the list

Ricky Vaughn

Dumbest idea I've ever seen He needs to strategically feed the media red meat that is good for his campaign

Matt Mackowiak

5/ More fundamentally, the Trump campaign needs to discover the value of scarcity Make Trump scarce Fewer interviews. Shorter rallies

Your Donation Will Be Matched 1-to-1! Can You Chip In?

Please don't scroll past this—the Wayback Machine is fighting for universal access to quality information. The Internet Archive, which runs this project, relies on donations averaging $30.38 to help us keep the record straight. We'd be deeply grateful if you'd join the one in a thousand users that support us financially.

Right now, we have a matching gift campaign that will double the impact of every donation. We understand that not everyone can donate right now, but if you can afford to contribute this Thursday, we promise it will be put to good use. Our resources are crucial for knowledge lovers everywhere—so if you find all these bits and bytes useful, **please pitch in.**
